Describe the problem, including any helpful examples. How do you want to solve the problem?

See attached explanation. In summary, we are looking to amend WI Stat 340.01(72)(a) to loosen the restriction on transporter plates. We are told that Illinois is less restrictive with their laws.

Please attach a copy of any correspondence or other material that may help us. If you know of any statute sections that might be affected, list them or provide a marked-up copy.

You may attach a marked-up copy of any LRB draft or provide its number (e.g., 2001 LRB-2345/1 or 1999 AB-67).

Mr. Honadel,

Thank you for your call last evening. As we discussed here is the information you requested. I have attached a Microsoft Word Document that contains all of the relevant information.

To give you just a bit of background, ProDriver Leasing Systems, Inc. is a driver leasing company with our corporate office in Milwaukee, and small branch offices in Appleton, Sheboygan, Elmhurst, Illinois and Monroe, Michigan. We have been in business since 1996 and employ about 150 people, company wide.

Our goal in this process is to secure Wisconsin Transporter plates so we can continue and expand the driveaway portion of our business. Driveaway simply means to deliver a vehicle. Our primary customer is one that builds concrete pumping trucks out of Racine. Once built, our job is to deliver the truck to their customer, anywhere in the lower 48 states.

Because Wisconsin law states that Transporter plates can only be used to transport between Manufacturers, Dealers, Distributors and branches of the manufacturers, we were unable to acquire Wisconsin transporter plates. Illinois has no such restriction. Therefore, we requested and received plates through our Elmhurst, Illinois branch.

While this seemed like a solution at the time, a new snag has presented itself. Illinois is now suggesting that our authority and perhaps our corporate office must move to Illinois if we would like to continue using Illinois transporter plates. Moving our corporate office would result in the loss of as many as 100 Wisconsin jobs. This may include my own, unless I was willing to relocate to Illinois with the corporate office.

However, if we were able to secure Wisconsin transporter plates, we can envision growing this portion of our business. We could propose to many Wisconsin firms to provide them with our service. Our projection is that we may add 50 - 100 jobs here in Wisconsin if we are successful in getting this problem solved.

I have tried to speculate where opposition to my proposal might come from. As yet I have not been able to anticipate any group that would see this as a problem. It appears to me that there should not be partisan opposition.

Mark, this is an opportunity to make a relatively small change that would add good paying jobs to the Milwaukee area and additional tax revenue to the state through income tax and fees to the Department of Transportation.

Without this change, the jobs and the dollars are likely to cross our southern border. We would appreciate any help you can offer, and ultimately once you understand the value of our proposal we would like you to be a sponsor of the legislation.

Please contact me at anytime, and again, thank you very much for your willingness to take a look at my proposal.

This is the current language

(72) "Transporter" means any of the following:

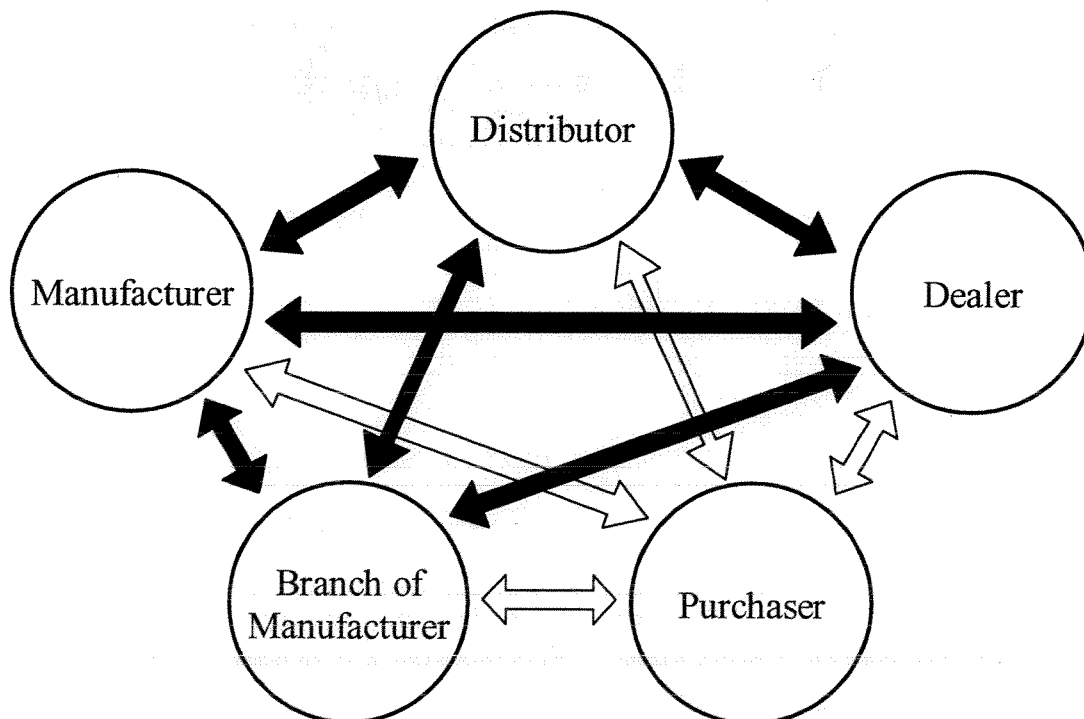

(a) A person engaged in this state in the business of transporting and delivering motor vehicles, trailers, semitrailers or recreational vehicles in tow on their own wheels or under their own power from the manufacturer to the distributor, dealer or branch of the manufacturer, or from the distributor or dealer to another distributor or dealer, the manufacturer or branch of the manufacturer or from the branch of the manufacturer to the distributor, dealer or manufacturer.

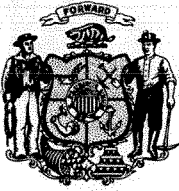

This is what we would like the language to read

(72) "Transporter" means any of the following:

(a) A person engaged in this state in the business of transporting and delivering motor vehicles, trailers, semitrailers or recreational vehicles in tow on their own wheels or under their own power from the manufacturer to the distributor, dealer, branch of the manufacturer or purchaser, or from the distributor or dealer to another distributor or dealer, the manufacturer, branch of the manufacturer or purchaser or from the branch of the manufacturer to the distributor, dealer, manufacturer or purchaser or from the purchaser to the manufacturer, dealer, distributor or branch of the manufacturer.

1 AN ACT ...; relating to: registration plates for vehicle transporters.

Analysis by the Legislative Reference Bureau

Under current law, a person who transports motor vehicles, trailers, semitrailers, or recreational vehicles, either by towing on the vehicles own wheels or under the vehicle's own power, may register as a transporter with the Department of Transportation (DOT) and obtain special transporter registration plates. A transporter may tow or operate one of the designated types of vehicles without the vehicle being registered with DOT, provided the transporter displays valid transporter plates upon the vehicle and transports the vehicle between certain entities involved in the sale of such vehicles, including a dealer, a distributor, the manufacturer, or a branch of the manufacturer.

This bill allows a transporter to display transporter registration plates on a motor vehicle, trailer, semitrailer, or recreational vehicle being transported from a dealer, a distributor, the manufacturer, or a branch of the manufacturer to the purchaser of such vehicle, or from the purchaser of the vehicle to a dealer, a distributor, the manufacturer, or a branch of the manufacturer.

For further information see the **state** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2 SECTION 1. 340.01 (72) (a) of the statutes is amended to read:

1 ✓ 340.01 (72) (a) A person engaged in this state in the business of transporting
2 and delivering motor vehicles, trailers, semitrailers, or recreational vehicles in tow
3 on their own wheels or under their own power from the manufacturer to the
4 distributor, dealer, purchaser, or branch of the manufacturer, or from the distributor
5 or dealer to another distributor or dealer, the purchaser, or the manufacturer or
6 branch of the manufacturer, or from the branch of the manufacturer to the
7 distributor, dealer, purchaser, or manufacturer, or from the purchaser to the
8 distributor, dealer, manufacturer, or branch of the manufacturer.

* The attached draft is in preliminary form. I note that the scope of this draft is perhaps broader than necessary to meet the constituent's needs and this breadth may draw an objection from the department of transportation. An alternative might be to amend s. 341.47 (1) (b) so that a vehicle can be operated displaying manufacturers plates while being transported from a manufacturer to a purchaser for those vehicles not required to be sold through a dealer. I would like to request some changes to the preliminary draft LRB-3420/P1. Attached is a document which provides the language which more specifically defines the intention of our legislation. These changes should address any possible objections by the Department of Transportation.

This draft is an Assembly companion to an identical Senate draft requested by Jennifer Oechsner in Sen. Plale's office. We would like to ensure that the language in both of our drafts is identical prior to creating an introducible /1 draft for each of us.

Please contact me with any questions.

Just following up with you regarding your question about "point of origin" in our bill draft. Below is the response that we received from DOT. Their desire is to keep the term somewhat broad, and they offered the phrase "any location" as an alternative. Please let me know if you feel that this would work, or if we would need any additional clarification from DOT.

Christian, we mean the term broadly, and are not so interested in adding additional definitions to statute unless really necessary.

We would be OK with "any point of origin", or "any location", for example.

Good Morning:

Our office (Rep. Honadel) and Sen. Plale's office received hard copies of LRB-3420/1 and LRB-3443/2 on Thursday, February 7th. When can we expect to receive a jacketing e-mail with an attached PDF of the bill draft? We would like to have the bill jacketed this week, and would like to do so once we've received the aforementioned jacketing e-mail.

Thank you,
Jeff
